## HIS DECISION IS FINAL.

Speaker Henderson Sicks to His Determination Not to Run.

### CONVENTION CALLED

To Nominate a Candidate to Succeed Him--Resolution Regretting the Loss of Such a Capable Leader as He Was.

Dubuque, Ia., Sept. 19.—The Republican congressional committee of this district met here and decided to call a convention at New Hampton, Sept. 25, to consist of the delegates to the convention which nominated General D. B. Henderson, to nominate a candidate to succeed him.

This action was taken after a consideration of the Iowa election law. Before acting the members of the committee called upon Mr. Henderson and requested him to reconsider his withdrawal. He declined to do so, stating that his decision was final.

Before adjournment the following resolution was adopted:

"It is with deep regret that we find ourselves compelled to reconvene the delegates of this district for the purpose of naming a candidate for election to represent this district in the national house of representatives. This is especially true when we realize that the necessary for such action is caused by the refusal of our present member to accept the nomination heretofore tendered unanimously. In his declination we feel that we lose an able, capable leader of great worth and national prominence, such as can be attained only by one of sturdy character, unusual natural ability and ripened experience in the field of statesmanship. We part with him as a leader with reluctance. While thus compelled to release Speaker Henderson we do so with no feeling that the selection of his successor will be without merit or that there will result any danger as to the result to the Republicans of this district in the coming election."

### Governor Candler Comments.

Atlanta, Sept. 19.—Gov. Allen D. Candler commented as follows upon the withdrawal of Speaker Henderson from the congressional race:

"Henderson is fleeing from the wrath to come. He sees the handwriting on the wall and he is anxious to get out. There is going to be a revolution of sentiment in this country against the Republican party and its oppressive measures and if that revolution is not successful and if the Republican party continues in power and continues its oppressive measures allowing the trusts to dominate the country there is going to come a revolution of blood, one that will stir the country from one end to the other and one which the world has never seen the like of or heard of. The people are tired of the trusts and Republican domination."

### Will Not Resign.

Dubuque, Iowa, Sept. 19.—It is announced here that Speaker Henderson does not intend to resign the speakership at the coming session of congress.

The statement that Speaker Henderson will not resign the speakership was made by his secretary in reply to a direct question. Speaker Henderson could not be seen and his secretary would say nothing further.

### After the Speakership.

Des Moines, Ia., Sept. 19.—Through the columns of the Waterloo Courier, Charles E. Pickett of Waterloo, past grand exalted ruler of the Elks, has formally announced his candidacy to succeed Speaker Henderson. It is urged that he will unite all factions of the party.

### Transport Sailed.

Washington, Sept. 19.—The war department has been advised of the sailing of the transport Logan from Manila Sept. 16 for San Francisco with Brigadier General F. D. Grant, headquarters, and six troops of the Ninth cavalry; 123 sick, eight insane, 187 casuals and 55 discharged soldiers. General Grant has been assigned to command the department of Texas.

### Pioneer Dead.

San Antonio, Sept. 19.—Seth Cushman, aged 72 years, died at his home in this city from paralysis. Deceased was a native of Indiana, but has been a citizen of Texas for many years. He resided in Fort Worth up to a few years ago, coming to San Antonio from that city.

### Resigns Cadetship.

Hillsboro, Tex., Sept. 19.—John Bell, son of Tom Bell, has resigned his cadetship at West Point. He found after three months' trial that the hardships and exertions were too severe for his health. He made a splendid record during the three months he was at West Point.

### Gin Burned.

Mason, Tex., Sept. 19.—The gin at Grif, six miles west of town, was destroyed by fire with several hundred bushels of seed and one bale of cotton. Loss about \$2000.

## PETER HERNIA HANGED

He Made a Desperate Fight Before He Was Executed.

### DEFIED THE SHERIFF

The Officers Turned the Hose on Him and as He Tried to Ward Off the Water He Was Seized and Placed in the Chair.

New York, Sept. 19.—Peter Hernia was hanged in the county jail at Hackensack, N. J., today for the murder of Barney Kanter, a butcher, but before the execution was accomplished Hernia made a desperate fight. When two deputy sheriffs approached him to strap his arms, he suddenly tore off two brass brackets on the side of the cell and getting into the corridor, leaped over the partition. He then tore off a piece of lead pipe and crouching in the corner shouted that he would brain any one that came near him. By this time the jail was in an uproar. The sheriff and deputies were at first puzzled as to how to deal with the murderer and disarm him. It was finally decided to turn the hose on him. This was done and as Hernia put up his hands to ward off the water from striking him in the face, a deputy sheriff leaped over and grabbed the hand of the murderer in which was the lead pipe.

The other deputies quickly rushed in. Hernia was finally over-powered and securely strapped. He was then placed in a chair and carried to the gallows, his clothing dripping wet. He was lifted from the chair and the noose quickly adjusted about his neck. The sheriff then asked him if he had anything to say. He replied in a weak voice, "good-bye, all. Excuse me."

The drop was then sprung, Hernia died of strangulation.

The condemned man during the night asked frequently for whiskey and this morning refused to eat breakfast when whiskey was refused, he smashed a chair in the cell and two

### FREIGHT WRECK.

Two Killed and Four are Injured on the Baltimore and Ohio Railroad.

Chillicothe, O., Sept. 19.—Two killed and forty-four injured is the result of a wreck on the Baltimore and Ohio Southwestern railroad at Leesburg Thursday night.

The dead are: Philip Roe, engineer. Charles Studer, fireman. The train was running at the rate of 50 miles per hour when it ran into an open switch, every car leaving the track.

### Lord Salisbury Failing.

London, Sept. 19.—The Times says: "We much regret to learn that Lord Salisbury, who at present is in Switzerland, is ill, and confined to his bed. An English and a Swiss doctor have been attending him, and it is understood that his lordship's own attendant in London has been sent for." Lord Salisbury has been touring the health resorts of southern Europe for several weeks. Visitors to Switzerland frequently have seen him riding a bicycle. He always kept much to himself and attracted little attention. For some time his lordship's health has been gradually failing, and the announcement of the Times, although carefully worded, causes alarm.

### Lord Salisbury Worse.

London, Sept. 19.—Private advices received in London indicate that Lord Salisbury is worse than admitted in the Lucerne dispatch on the subject. "Symptoms," it is said by friends, "are not yet considered exceptionally grave."

### Confined to His Bed.

Lucerne, Switzerland, Sept. 19.—An investigation of the report published by the London Times, regarding the health of Lord Salisbury shows the former British premier confined to his room here owing to a chill and a slight attack of gout. He will probably not be able to travel for a fortnight, but it is asserted there is no cause for anxiety.

### Saloon Man Killed.

Mineola, Tex., Sept. 19.—John Brasier shot and badly wounded Frank Hall, a saloon man, at Hawkins, late Wednesday evening. The shooting was done with a shotgun, and while the wound is severe, it is not thought to be dangerous. Constable S. J. Hurst and Deputy Sheriff W. B. Mansell brought Brasier to Mineola. Brasier waived examination before Justice J. D. Powell, who set the bond at \$1000, which was given and the prisoner released.

### Wireless Telegraph Stations.

Turia, Sept. 19.—At the conference here with Signor Galamberti, minister of posts and telegraphs, William Marconi submitted plans for the erection of a wireless telegraph station to cost \$140,000 for establishing connection from Italy with British and American stations. The scheme will

### Kaiser Wants Their Opinions.

London, Sept. 19.—American generals who attended the German maneuvers are not expected in London before October 1. It is stated that the Kaiser has asked them for their opinions. These reports would, of course, be of a strictly confidential character.

### Will Not Visit Texas.

Washington, Sept. 19.—Senator Culberson has received the following communication from Secretary Cortelyou: "Your letter of the 15th received, and I regret, as yet, it has been impracticable to make any plans for a trip to Texas this fall. The president hopes, however, to visit that state at some future time."

This means that the president's latest plans eliminate his promised trip to Texas.

Lieutenant Peary has registered  
another failure to find the north  
pole.

An organized effort will be made  
to induce Boer colonists to come  
to Texas.

Uncle Sam has placed Roumania  
on trial before the nations for her  
treatment of the Jews.

Aldermen have been having a live-  
ly time over impeachment proceed-  
ings instituted against his honor  
on a charge of neglect of duty.

The Financial Record of New  
York prints a map of the Great  
Rock Island railroad system with  
stations. The lines extend to Cin-  
cago, St. Paul, Sioux Falls, Oma-  
ha, Kansas City, Denver, El Paso  
and other Texas points, and to  
Memphis. The important exten-  
sions projected are from Kansas  
City to St. Louis and from Fort  
Worth via Dallas to Galveston.  
It is not reasonable to suppose that  
such a great railroad system will  
be content to remain longer with-  
out its own outlet to the Gulf. In  
support of this view the Financial  
Review of Sept. 10 says: "Within  
twelve months the Rock Island  
will be running trains into Galves-  
ton over its own track. The line  
has been located and other prelim-  
inary work is well under way.  
This is to be an extension from  
the system's present terminals at  
Fort Worth to Dallas, and thence  
along the valley of the Trinity to  
Galveston and tidewater. \* \* \*  
The Trinity valley is quite as rich  
as that of the Brazos, and needs  
only transportation to become as  
important commercially."

### ABOUT OBITUARIES.

The Eagle has received within  
the past ten days quite a number  
of obituaries of considerable length.  
If we should print them all as  
written, several columns would be  
required. Long obituaries are usu-  
ally of interest to the family and  
relatives, but not of great interest  
to the public in general. We will  
therefore ask our friends to bear  
with us in the matter of printing  
the ones we have and we may be  
able to print them soon, but we ask  
all to remember that newspapers  
are generally overcrowded with  
this class of matter. It is better  
to send in a nice short mention of  
the death, with facts in connection,  
and leave out poetry. We like to  
accommodate our readers, but we  
must make a newspaper that will  
interest the general public, and too  
much space devoted to obituaries  
will not make a good newspaper.

### Mining More Coal.

Wilkesbarre, Pa., Sept. 19.—Accord-  
ing to reports received here from the  
officers of the local coal companies,  
some of them official, the output of  
the coal mines of the Wyoming region  
is on the increase. In the Lehigh it  
was stated that the output of four col-  
eries and one washery was 2400 tons  
in one day. The output is expected to  
increase in the next few days.

### Pushed Off the Bridge.

Greenville, Tex., Sept. 19.—Deputy  
Sheriff Amos Eldridge came near los-  
ing his life by being pushed off a bridge  
near Floyd Wednesday evening. He  
had arrested a man and was walking  
with him to Floyd. While they were  
crossing the bridge which spans Little  
Caddo river the man ran against the  
officer with all his force and shoved  
him off into the river. The river was  
up and Officer Eldridge, having on an  
overcoat and a heavy pistol with a belt  
of cartridges, had to have the assist-  
ance of a man who happened to be near  
to get out of the water.

### Will Join the Insurgents.

St. Louis, Sept. 19.—Captain Bertha-  
l Ladd, member of a well known  
firm of St. Louis and commander of  
company E, Sixth Missouri volunteers  
during the greater part of the Cuban  
campaign, will go to Colombia to join  
the insurgent forces under General  
Herrera. Captain Ladd has gone to  
New Orleans en route to Colombia,  
where, it is said, a large number of  
Americans have joined both armies.

### Struck by Lightning.

Terrell, Tex., Sept. 19.—Lightning  
struck a wagon and team near Gossett,  
eight miles northeast of this city,  
Wednesday during the heavy rain. One  
of the horses was knocked down and  
the driver, Mr. Lawhon, was so badly  
stunned from the shock that he was  
unconscious for some time.

### Dutch Oil Trust.

London, Sept. 19.—According to The  
Hague correspondent of the Daily  
Telegraph negotiations between the  
Dutch Indian oil producing companies  
and the Standard Oil company have  
ended in the formation of a Dutch oil  
trust, the headquarters of which will  
be established in London.

### Plenty of Water.

Hugo, I. T., Sept. 19.—A splendid  
rain fell here, furnishing plenty of water  
for the fall crops and for stock. For  
some days past the large stock raisers  
have been driving their stock to the  
creeks and rivers for water.

### Negro Convicted.

Bryan, Tex., Sept. 19.—Ira King, a  
young negro boy, charged with crim-  
inal assault upon a negro girl, has been  
convicted in the district court and his  
punishment fixed at five years in the  
penitentiary.

### NOT A FAILURE.

Dr. Cooke Says Peary Has Added Inval-  
uable Material to Science.

New York, Sept. 19.—Dr. Frederick  
A. Cooke of Brooklyn, who was with  
Lieutenant Peary on one of his Arctic  
trips and with the Belgica expedition  
to the south pole as chief surgeon, ex-  
presses the opinion that Peary's latest  
endeavor was by no means a failure,  
and that explorer has added material  
to the annals of science which will be  
found invaluable—in fact, more valu-  
able than the actual discovery of the  
pole itself.

"All this talk about the terrible dan-  
gers to be met before reaching the pole  
is sheer rot," continued Dr. Cooke.  
"A man, all things taken into account,  
as he is in New York. There are no  
fever germs there, no contagious dis-  
eases, no miasmatic swamps, no rotting  
gas, no decaying vegetables, no rotting  
rags. Everything is on ice. There is  
no danger in traversing the ice fields,  
nor from the cold, which is not so se-  
vere as the cut of the saline blasts on  
the Atlantic sea coasts."  
"It is the food question," he added,  
"that was the cul de sac that closed  
up the way to the pole."  
When this problem is solved, reach-  
ing the pole will, in his opinion, be  
quite a simple undertaking.

### To Explore North Greenland.

Haugesund, Norway, Sept. 19.—Cap-  
tain Otto Svredrup, who was in com-  
mand of the Fram during Dr. Nansen's  
expedition to the north pole in 1895,  
sailed from Christiania, Norway, for  
the Arctic regions June 24, 1898. Pre-  
vious to his sailing Lieutenant Peary  
complained of Captain Svredrup's ex-  
pedition, and the captain explained in  
a letter that he did not aim to reach  
the pole, but only intended to explore  
Greenland and make a study of the ice  
in that region, and by means of sledg-  
ing journeys to explore the unknown  
regions of north Greenland.

### The Fram Homeward Bound.

Haugesund, Norway, Sept. 19.—The  
arctic steamer Fram, homeward bound,  
with the Svredrup expedition on board,  
passed Ustret and took a pilot on  
board.

### MURDERER ARRESTED.

Lullo Murri, Who Killed His Brother.

In-Law, Apprehended in Austria.

Vienna, Sept. 19.—It is reported that

Lullo Murri, the well known Socialist

and lawyer of Bologna, Italy, who is

accused of the murder of Count Bon-

marini, recently found assassinated in

his house at Bologna, has been arrest-

ed at the frontier town of Ala, Aus-

trian Tyrol. The motive for the mur-

der of Count Bonmarini was at first

attributed to robbery. On Sept. 12,

however, Prof. Murri, university pro-

fessor and one of the best known phy-

sicians in Italy, and Count Bonmarini's

father-in-law, denounced his own

accused man, the dispatches added, ad-

mitted having murdered his brother-

in-law, and said the crime was commit-

ted after a brawl provoked by a fam-  
ily quarrel. Other reports had it that  
a love affair was at the bottom of the  
crime. Count Bonmarini lived apart  
from his wife.

### Robbed a Cornerstone.

City of Mexico, Sept. 19.—Sunday last  
the president laid the cornerstone of  
the new general postoffice building in  
this city and deposited therein a metal  
box containing specimens of Mexican  
gold, silver and bronze coinage, photo-  
graphs and plans of the edifice as well  
as copies of the daily papers here pub-  
lished. Night before last it is sup-  
posed, as the theft has just been dis-  
covered, thieves opened the cornerstone  
and stole the metal box with its con-  
tents. Two watchmen are suspected to  
be implicated in the robbery which was  
one of the most audacious on record.

### Nude Body Found.

New York, Sept. 19.—The nude body  
of a young woman was found in the  
Norris canal near Jersey City Thurs-  
day. A long hitching strap, to which  
was attached a 20-pound iron weight,  
was around the woman's waist. A  
wound, apparently a stab, about six  
inches long, was found in the abdo-  
men. Detectives are at work on the  
case. Chief of Police Murphy thinks  
that the girl was wounded in some  
house, then chloroformed, then strip-  
ped, placed in a wagon and driven to  
the canal during the early morning  
hours. He says the body does not  
answer to the description of any girl  
reported missing in Jersey City.

### Try to Solve the Mystery.

New York, Sept. 19.—Detectives of  
New York, Jersey City and other near-  
by cities in New Jersey are working  
together to unravel the mystery of the  
death of Mrs. Joseph Pulitzer, whose  
nude body was found Thursday in Mor-  
ris canal in the outskirts of Jersey  
City under circumstances indicating  
murder. The husband of the woman,  
a tailor of this city, was brought from  
Jersey City to the police headquarters  
in this city, and after being closely  
questioned was invited to remain at  
headquarters until the arrival of Cap-  
tain Titus, chief of detectives.

### Trouble in Zululand.

Durban, Natal, Sept. 19.—Uneasiness  
is felt here in consequence of the un-  
rest in Zululand where trouble appears  
to be imminent. The Times of Natal  
says the feeling in Zululand between  
Boers and natives demands active gov-  
ernment intervention. Dinuzulu is re-  
gaining his prestige and is regarded as  
dangerous. The Zulus still have the  
arms with which they were provided  
during the war. Since the Zulus were  
killed by the Boers in the Vryheid dis-  
trict, the paper continues, a bitter feel-  
ing has prevailed among the natives  
and threatens to culminate in a serious  
collision.

### REPORT NOT TRUE.

No Demand Has Been Made and no Col- leries are in Operation.

Wilkesbarre, Pa., Sept. 19.—Presi- dent Mitchell denied the reports that had prepared a demand in which terms for a settlement of the big strike were modified and forwarded it to J. Pierrepont Morgan with a note saying that the financier will be given until Oct. 20 to accept the proposi- tion.

"There is nothing in the report," is all he would say in discussing it. Bishop Fallows of Chicago has arrived here. He visited eight collieries and a washery enroute from Philadel- phia and found none at work. On the same train was John Markle, of the firm of G. B. Markle & Co. who repre- sented the individual coal interests at all the conferences of the operators. He said, after conversing with Mr. Markle and the miners, he had reached the conclusion that the operators had made a mistake in opposing arbi- tration of their differences.

The strike leaders sprung a sur- prise which caused the arrest of Paul Wyoda, a deputy sheriff; Geo. Gilbert and William Jenkins, members of the miner's examining board, charging them with having issued certificates to non-unionists who had not served two years in the mines as required by law. They were held under bail for the court.

## HEPTOL SPLITS IS "IT."

Thinking people now realize that dosing the system with Calomel, Pills and other strong purgatives is a grave mistake and very injurious. The physical organs occasionally become tired and fail to respond to the duties of nature, thereby clogging the system and then a stimulative laxative is required to remove the accumulated poisons and to again start in motion the vital machinery; for this purpose some mild non-injurious remedy should be used. That is what

## WELCOMED THE PROTEST.

Secretary Hay's Note is Approved by the Great Britain Officials.

London, Sept. 20.—Secretary Hay's note to the powers which were signatories to the Berlin treaty of 1878, on the subject of the treatment of the Jews in Roumania, which was received in London about a fortnight ago, was welcomed in British official circles. The tone of the formal acknowledgment of receipt of the note indicates British approval of the American initiative in this matter and confirms the idea that Great Britain welcomes the continued intervention of the United States in affairs in which Europe is more directly concerned, in the belief that such intervention tends to indirectly strengthen the hands of the British government.

Apart from this question, the exclusion of pauper aliens from Great Britain is drawing more acute, and anti-immigration laws are demanded in many influential quarters, so that the government is in sympathy with Mr. Hay's protest in the hope that the wholesale export of undesirable emigrants from eastern Europe may be checked.

The newspapers here continue to comment on the United States' note. The St. James Gazette in a semi-humorous reference to it says:

"The European governments to whom it is addressed must have been agreeably surprised, for the note furnishes fresh evidence of the growing disposition of the United States to take a seat in the orchestra of European concert, which some other performers view with uneasiness."

After declaring that it is difficult to understand what President Roosevelt hopes to gain by the appeal to the signatories of the Berlin treaty, the St. James Gazette concludes that the chief American motive is humanity, and says:

"This indicates a spirit of knight errantry which, however creditable to a great civilized power, is likely to give the Americans plenty of occupation without increasing their popularity with the governments of the old world."

### Decision Reversed.

Trenton, N. J., Sept. 19.—The court of errors and appeals by a vote of 8 to 3 decided in favor of the United States Steel corporation in the suit brought by Mrs. Berger to restrain the corporation from converting \$200,000,000 7 per cent preferred stock into 5 per cent second mortgage bonds. Vice Chancellor Emery in the court below granted an injunction restraining the company from carrying out its purposes. The decision of the court of errors and appeals is a reversal of the vice chancellor and leaves the United States Steel corporation free to carry out its project so far as Mrs. Berger's relations are concerned.

### Money For the Banks.

Washington, Sept. 20.—Secretary Shaw announced before leaving Washington for the west that during the week he had authorized the distribution in round numbers of \$10,000,000 of public funds among the banks throughout the country which have bonds available for security. The money will be released and deposits completed within a few days, and just as rapidly as the bonds are received at the treasury.

### Thetis Went Ashore.

Port Townsend, Wash., Sept. 19.—The fact has developed that the reason for the early return of the revenue cutter Thetis is that the vessel was ashore during a recent visit to Nushagak river in Alaska, sustaining such damage that Captain Healy hurried down here where the vessel could go into the dry dock for the purpose of examination. Her hull was bent from shape, necessitating a repainting of the water line. She will sail for San Francisco at once.

### Accepting American Methods.

London, Sept. 19.—In an editorial The Times warmly advocates the vacation school system in the United Kingdom upon the lines already successfully followed in New York, Chicago and elsewhere in America. It is refreshing, concludes the editorial, in the midst of much barren discussion, to find an educational movement so wholly admirable in itself and with such promise of genuine usefulness.

### Mob Attacks a Colliery.

Pittston, Pa., Sept. 19.—A mob attacked the colliery owned by W. H. Holmes, which is located in the heart of this city. After driving the non-union workmen from the mine the mob set fire to the breaker, which was saved from destruction through the efforts of a number of men employed in the vicinity.

### Shooting Affray in Arkansas.

Texarkana, Tex., Sept. 19.—News has reached here of a shooting affray at Old Lewisville, in Fayette county, Ark., 30 miles east of here. W. G. Smith was shot through the body, the bullet severing the spinal cord. It is thought death will ensue. A neighbor was arrested.

### Two Trains Collide.

Pittsburg, Sept. 19.—Two local passenger trains on the Pittsburg and Western railroad collided near Whitney, Pa. Both trains were wrecked. No passengers killed and none seriously hurt. Engineer Benedict was killed and four other trainmen seriously injured.

### Troops and Strikers Fight.

London, Sept. 19.—A special dispatch from Lisbon, Portugal, says there have been serious collisions between troops and strikers at Gharda, near Oporto, during which a number of working-men were killed.

### Hanged for Wife Murder.

Camden, N. J., Sept. 19.—La Fayette Gruff of Gloucester was hanged here for the murder of his wife. The crime was committed on March 11.

## CHARGE OF PERJURY.

St. Louis Delegates Have Been Indicted by the Grand Jury.

St. Louis, Sept. 19.—Circuit Attorney Folk filed information charging former Delegates Hannigan, Denny, Albright and Bolsch with perjury. This action was taken as the result of testimony before the grand jury by the accused, who denied any knowledge of the reported payment of \$75,000 to members of the house combine by the Suburban Street Railway company to secure a certain franchise. The information, in effect, is the same as an indictment, and can under the statutes of Missouri be issued at the discretion of the circuit attorney.

The one member and five former members of the house of delegates who rest under several charges of bribery and perjury and who have not yet surrendered to the authorities have until today to give themselves up. After today they will be fugitives under the law. If they do not put in an appearance during the day, Circuit Attorney Folk will issue notices to be sent all over the country, offering a reward of \$300 for the apprehension of each of the six men.

The work of the present grand jury, which has been investigating municipal hoodlums, will come to an end as Circuit Attorney Folk will shortly have to give his entire attention to the trial of a number of the indicted men. The circuit attorney states that enough remains undone to keep the grand jury busy six months. As soon as these trials are out of the way that body will resume investigation.

## THE RICE ESTATE.

Administrators are Appointed Under the Will Made in 1896.

New York, Sept. 19.—William M. Rice, Jr., John D. Bartine and James A. Baker, Jr., were granted letters of administration on the estate of William M. Rice, under the will executed by him in 1896. They are required to give a bond which is said to be in the neighborhood of \$7,000,000.

Albert T. Patrick, who was named as residuary legatee in a will alleged to have been executed in September, 1900, shortly before Mr. Rice's death, is now in Sing Sing prison awaiting the hearing of his appeal from the conviction of murder of Mr. Rice, who left an estate valued at \$8,000,000. Both wills were hotly contested before Surrogate Fitzgerald, who admitted the will of 1896 to probate, holding that the later will, usually known as the Patrick will, was a forgery. The bulk of the estate is in Houston, Tex.

## PROTEST APPROVED.

The Co-Religionists of Milwaukee are Heartily in Accord With Hay.

Milwaukee, Wis., Sept. 19.—The co-religionists in this city of the persecuted Roumanian Jews heartily approve of the protest of the injustice and barbarity of the Roumanian government which has been sent to the powers by Secretary of State Hay. At a meeting here of the Roumanian relief committee of Milwaukee a telegram was forwarded to Secretary Hay, reading as follows:

"In behalf of outraged humanity, as well as the persecuted Jews of Roumania, we hereby extend to you and through you to our benign government our profound gratitude for the timely protest conveyed by you to other nations against the cruel and inhuman treatment wilfully practiced upon the Jews of Roumania by their government in denying them every opportunity of employment whereby to gain an honest livelihood."

### An Old Minister Dead.

Houston, Tex., Sept. 19.—Rev. William F. Gillespie, aged 69 years, died here. Deceased was born in Nashville, Tenn. He graduated at the Danville (Ky.) Theological college. He married Miss M. V. Nelson, a daughter of Judge R. M. Nelson of Liberty, Miss. They came to Texas in 1875, from which date Mr. Gillespie was pastor of the Presbyterian church at Georgetown until 1891. From Georgetown he went to Eagle Pass and thence to Houston. After coming to Houston he gave up the active work of the ministry and has been making his home with his son for a few years. The surviving relatives are the bereaved widow, who lives here, and a daughter, Mrs. J. M. Taylor, of Hungerford. Rev. Gillespie was a cousin of General Sam Houston.

### No More Troops.

Colon, Colombia, Sept. 19.—Commander McLean of the United States cruiser Cincinnati has cabled to Washington that not more marines are required, as he has a sufficient number of men to protect the isthmian traffic. Trains are being run according to the regular schedule. An armored car is attached to every train and in it are fifty United States bluejackets.

### Died from Target Wound.

Denton, Tex., Sept. 19.—Boyd Wines, a prominent resident of this city, died here from the effects of an accidental target rifle wound received Monday while pulling the gun from under the bed by the barrel. The internment took place at the Odd Fellows' cemetery under the auspices of Elm Lodge No. 30, Knights of Pythias.

### Demented Man Found.

Texarkana, Tex., Sept. 19.—An old man was found wandering about the streets in an insane condition and locked up in jail by the officers. He had papers on his person showing he was from Tacoma, Wash., and was on his way to Hope, Ark., where he has relatives. The authorities here will send him to Hope.

### Took Morphine.

Mabank, Tex., Sept. 19.—John Clay colored, died here Wednesday from the effects of an overdose of morphine.

## HIS DECISION IS FINAL.

Speaker Henderson Sicks to His Determination Not to Run.

## CONVENTION CALLED

To Nominate a Candidate to Succeed Him--Resolution Regretting the Loss of Such a Capable Leader as He Was.

Dubuque, Ia., Sept. 19.—The Republican congressional committee of this district met here and decided to call a convention at New Hampton, Sept. 25, to consist of the delegates to the convention which nominated General D. B. Henderson, to nominate a candidate to succeed him.

This action was taken after a consideration of the Iowa election law. Before acting the members of the committee called upon Mr. Henderson and requested him to reconsider his withdrawal. He declined to do so, stating that his decision was final.

Before adjournment the following resolution was adopted:

"It is with deep regret that we find ourselves compelled to reconvene the delegates of this district for the purpose of naming a candidate for election to represent this district in the national house of representatives. This is especially true when we realize that the necessary for such action is caused by the refusal of our present member to accept the nomination heretofore tendered unanimously. In his declaration we feel that we lose an able, capable leader of great worth and national prominence, such as can be attained only by one of sturdy character, unusual natural ability and ripened experience in the field of statesmanship. We part with him as a leader with reluctance. While thus compelled to release Speaker Henderson we do so with no feeling that the selection of his successor will be without merit or that there will result any danger as to the result to the Republicans of this district in the coming election."

## Governor Candier Comments.

Atlanta, Sept. 19.—Gov. Allen D. Candier commented as follows upon the withdrawal of Speaker Henderson from the congressional race:

"Henderson is fleeing from the wrath to come. He sees the handwriting on the wall and he is anxious to get out. There is going to be a revolution of sentiment in this country against the Republican party and its oppressive measures and if that revolution is not successful and if the Republican party continues in power and continues its oppressive measures allowing the trusts to dominate the country there is going to come a revolution of blood, one that will stir the country from one end to the other and one which the world has never seen the like of or heard of. The people are tired of the trusts and Republican domination."

## Will Not Resign.

Dubuque, Iowa, Sept. 19.—It is announced here that Speaker Henderson does not intend to resign the speakership at the coming session of congress.

The statement that Speaker Henderson will not resign the speakership was made by his secretary in reply to a direct question. Speaker Henderson could not be seen and his secretary would say nothing further.

## After the Speakership.

Des Moines, Ia., Sept. 19.—Through the columns of the Waterloo Courier, Charles E. Pickett of Waterloo, past grand exalted ruler of the Elks, has formally announced his candidacy to succeed Speaker Henderson. It is urged that he will unite all factions of the party.

## Transport Sailed.

Washington, Sept. 19.—The war department has been advised of the sailing of the transport Logan from Manila Sept. 16 for San Francisco with Brigadier General F. D. Grant, headquarters, and six troops of the Ninth cavalry; 123 sick, eight insane, 187 casualties and 55 discharged soldiers. General Grant has been assigned to command the department of Texas.

## Pioneer Dead.

San Antonio, Sept. 19.—Seth Cushman, aged 72 years, died at his home in this city from paralysis. Deceased was a native of Indiana, but has been a citizen of Texas for many years. He resided in Fort Worth up to a few years ago, coming to San Antonio from that city.

## Resigns Cadetship.

Hillsboro, Tex., Sept. 19.—John Bell, son of Tom Bell, has resigned his cadetship at West Point. He found after three months' trial that the hardships and exertions were too severe for his health. He made a splendid record during the three months he was at West Point.

## Gin Burned.

Mason, Tex., Sept. 19.—The gin at Grif, six miles west of town, was destroyed by fire with several hundred bushels of seed and one bale of cotton. Loss about \$2000.

## PETER HERNIA HANGED

He Made a Desperate Fight Before He Was Executed.

## DEFIED THE SHERIFF

The Officers Turned the Hose on Him and as He Tried to Ward Off the Water He Was Seized and Placed in the Chair.

New York, Sept. 19.—Peter Hernia was hanged in the county jail at Hackensack, N. J., today for the murder of Barney Kanter, a butcher, but before the execution was accomplished Hernia made a desperate fight. When two deputy sheriffs approached him to strap his arms, he suddenly tore off two brass brackets on the side of the cell and getting into the corridor, leaped over the partition. He then tore off a piece of lead pipe and crouching in the corner shouted that he would brain any one that came near him. By this time the jail was in an uproar. The sheriff and deputies were at first puzzled as to how to deal with the murderer and disarm him. It was finally decided to turn the hose on him. This was done and as Hernia put up his hands to ward off the water from striking him in the face, a deputy sheriff leaped over and grabbed the hand of the murderer in which was the lead pipe.

The other deputies quickly rushed in. Hernia was finally over-powered and securely strapped. He was then placed in a chair and carried to the gallows, his clothing dripping wet. He was lifted from the chair and the noose quickly adjusted about his neck. The sheriff then asked him if he had anything to say. He replied in a weak voice, "good-bye, all. Excuse me."

The drop was then sprung, Hernia died of strangulation.

The condemned man during the night asked frequently for whiskey and this morning refused to eat breakfast when whiskey was refused, he smashed a chair in the cell and two

## FREIGHT WRECK.

Two Killed and Four are Injured on the Baltimore and Ohio Railroad.

Chillicothe, O., Sept. 19.—Two killed and forty-four injured is the result of a wreck on the Baltimore and Ohio Southwestern railroad at Leesburg Thursday night.

The dead are:

Phillip Roe, engineer.

Charles Studer, fireman.

The train was running at the rate of 50 miles per hour when it ran into an open switch, every car leaving the track.

## Lord Salisbury Failing.

London, Sept. 19.—The Times says: "We much regret to learn that Lord Salisbury, who at present is in Switzerland, is ill, and confined to his bed. An English and a Swiss doctor have been attending him, and it is understood that his lordship's own attendant in London has been sent for." Lord Salisbury has been touring the health resorts of southern Europe for several weeks. Visitors to Switzerland frequently have seen him riding a bicycle. He always kept much to himself and attracted little attention. For some time his lordship's health has been gradually failing, and the announcement of the Times, although carefully worded, causes alarm.

## Lord Salisbury Worse.

London, Sept. 19.—Private advices received in London indicate that Lord Salisbury is worse than admitted in the Lucerne dispatch on the subject. "Symptoms," it is said by friends, "are not yet considered exceptionally grave."

## Confined to His Bed.

Lucerne, Switzerland, Sept. 19.—An investigation of the report published by the London Times, regarding the health of Lord Salisbury shows the former British premier confined to his room here owing to a chill and a slight attack of gout. He will probably not be able to travel for a fortnight, but it asserted there is no cause for anxiety.

## Saloon Man Killed.

Mineola, Tex., Sept. 19.—John Brasier shot and badly wounded Frank Hall, a saloon man, at Hawkins, late Wednesday evening. The shooting was done with a shotgun, and while the wound is severe, it is not thought to be dangerous. Constable S. J. Hurst and Deputy Sheriff W. B. Mansell brought Brasier to Mineola. Brasier waived examination before Justice J. D. Powell, who set the bond at \$1000, which was given and the prisoner released.

## Wireless Telegraph Stations.

Turin, Sept. 19.—At the conference here with Signor Galamberti, minister of posts and telegraphs, William Marconi submitted plans for the erection of a wireless telegraph station to cost \$140,000 for establishing connection from Italy with British and American stations. The scheme will

SATURDAY, SEPT. 20, 1902.

Lieutenant Peary has registered  
another failure to find the north  
pole.

An organized effort will be made  
to induce Boer colonists to come  
to Texas.

Uncle Sam has placed Roumania  
on trial before the nations for her  
treatment of the Jews.

Mayor Riggins and the Waco  
Aldermen have been having a live-  
ly time over impeachment proceed-  
ings instituted against his honor  
on a charge of neglect of duty.

The Financial Record of New  
York prints a map of the Great  
Rock Island railroad system with  
stations. The lines extend to Chi-  
cago, St. Paul, Sioux Falls, Oma-  
ha, Kansas City, Denver, El Paso  
and other Texas points, and to  
Memphis. The important exten-  
sions projected are from Kansas  
City to St. Louis and from Fort  
Worth via Dallas to Galveston.  
It is not reasonable to suppose that  
such a great railroad system will  
be content to remain longer with-  
out its own outlet to the Gulf. In  
support of this view the Financial  
Review of Sept. 10 says: "Within  
twelve months the Rock Island  
will be running trains into Galves-  
ton over its own track. The line  
has been located and other prelim-  
inary work is well under way.  
This is to be an extension from  
the system's present terminals at  
Fort Worth to Dallas, and thence  
along the valley of the Trinity to  
Galveston and tidewater. \* \* \*  
The Trinity valley is quite as rich  
as that of the Brazos, and needs  
only transportation to become as  
important commercially."

## HUNTER & QUATHAM

### Mining More Coal.

Wilkesbarre, Pa., Sept. 19.—Accord-  
ing to reports received here from the  
officers of the local coal companies,  
some of them official, the output of  
the coal mines of the Wyoming region  
is on the increase. In the Lehigh it  
was stated that the output of four col-  
leries and one washery was 2400 tons  
in one day. The output is expected to  
increase in the next few days.

### Pushed Off the Bridge.

Greenville, Tex., Sept. 19.—Deputy  
Sheriff Amos Eldridge came near los-  
ing his life by being pushed off a bridge  
near Floyd Wednesday evening. He  
had arrested a man and was walking  
with him to Floyd. While they were  
crossing the bridge which spans Little  
Caddo river the man ran against the  
officer with all his force and shoved  
him off into the river. The river was  
up and Officer Eldridge, having on an  
overcoat and a heavy pistol with a belt  
of cartridges, had to have the assist-  
ance of a man who happened to be near  
to get out of the water.

### Will Join the Insurgents.

St. Louis, Sept. 19.—Captain Berth-  
all Ladd, member of a well known  
firm of St. Louis and commander of  
company E, Sixth Missouri volunteers  
during the greater part of the Cuban  
campaign, will go to Colombia to join  
the insurgent forces under General  
Herrera. Captain Ladd has gone to  
New Orleans en route to Colombia,  
where, it is said, a large number of  
Americans have joined both armies.

### Struck by Lightning.

Terrell, Tex., Sept. 19.—Lightning  
struck a wagon and team near Gossett,  
eight miles northeast of this city,  
Wednesday during the heavy rain. One  
of the horses was knocked down and  
the driver, Mr. Lawhon, was so badly  
stunned from the shock that he was  
unconscious for some time.

### Dutch Oil Trust.

London, Sept. 19.—According to The  
Hague correspondent of the Daily  
Telegraph negotiations between the  
Dutch Indian oil producing companies  
and the Standard Oil company have  
ended in the formation of a Dutch oil  
trust, the headquarters of which will  
be established in London.

### Plenty of Water.

Hugo, I. T., Sept. 19.—A splendid  
rain fell here, furnishing plenty of wa-  
ter for the fall crops and for stock. For  
some days past the large stock raisers  
have been driving their stock to the  
creeks and rivers for water.

### Negro Convicted.

Bryan, Tex., Sept. 19.—Ira King, a  
young negro boy, charged with crim-  
inal assault upon a negro girl, has been  
convicted in the district court and his  
punishment fixed at five years in the  
penitentiary.

### NOT A FAILURE.

Dr. Cooke Says Peary Has Added Inval-  
uable Material to Science.

New York, Sept. 19.—Dr. Frederick  
A. Cooke of Brooklyn, who was with  
Lieutenant Peary on one of his Arctic  
trips and with the Belgica expedition  
to the south pole as chief surgeon, ex-  
presses the opinion that Peary's latest  
endeavor was by no means a failure,  
and that explorer has added material  
to the annals of science which will be  
found invaluable—in fact, more valu-  
able than the actual discovery of the  
pole itself.

"All this talk about the terrible dan-  
gers to be met before reaching the pole  
is sheer rot," continued Dr. Cooke.  
"A man, all things taken into account,  
is just as safe on the Arctic ice fields  
as he is in New York. There are no  
fever germs there, no contagious dis-  
eases, no miasmatic swamps, no rotting  
rags. Everything is on ice. There is  
no danger in traversing the ice fields,  
nor from the cold, which is not so se-  
vere as the cut of the saline blasts on  
the Atlantic sea coasts."

"It is the food question," he added,  
"that was the cul de sac that closed  
up the way to the pole."

When this problem is solved, reach-  
ing the pole will, in his opinion, be  
quite a simple undertaking.

### To Explore North Greenland.

Haugesund, Norway, Sept. 19.—Cap-  
tain Otto Sverdrup, who was in com-  
mand of the Fram during Dr. Nansen's  
expedition to the north pole in 1895,  
sailed from Christiania, Norway, for  
the Arctic regions June 24, 1898. Pre-  
vious to his sailing Lieutenant Peary  
complained of Captain Sverdrup's ex-  
pedition, and the captain explained in  
a letter that he did not aim to reach  
the pole, but only intended to explore  
Greenland and make a study of the ice  
in that region, and by means of sledg-  
ing journeys to explore the unknown  
regions of north Greenland.

### The Fram Homeward Bound.

Haugesund, Norway, Sept. 19.—The  
arctic steamer Fram, homeward bound,  
with the Sverdrup expedition on board,  
passed Utstre and took a pilot on  
board.

### MURDERER ARRESTED.

Lullo Murri, Who Killed His Brother-  
in-Law, Apprehended in Austria.

Vienna, Sept. 19.—It is reported that  
Lullo Murri, the well known Socialist  
and lawyer of Bologna, Italy, who is  
accused of the murder of Count Bon-  
marini, recently found assassinated in  
his house at Bologna, has been arrest-  
ed at the frontier town of Ala, Aus-  
trian Tyrol. The motive for the mur-  
der of Count Bonmarini was at first  
attributed to robbery. On Sept. 12,  
however, Prof. Murri, university pro-  
fessor and one of the best known phy-  
sicians in Italy, and Count Bonmarini's  
father-in-law, denounced his own  
nephew as a murderer and admitted  
having murdered his brother-in-law,  
and said the crime was committed  
after a brawl provoked by a fam-  
ily quarrel. Other reports had it that  
a love affair was at the bottom of the  
crime. Count Bonmarini lived apart  
from his wife.

### Rabbed a Cornerstone.

City of Mexico, Sept. 19.—Sunday last  
the president laid the corner stone of  
the new general postoffice building in  
this city and deposited therein a metal  
box containing specimens of Mexican  
gold, silver and bronze coinage, photo-  
graphs and plans of the edifice as well  
as copies of the daily papers here pub-  
lished. Night before last it is sup-  
posed, as the theft has just been dis-  
covered, thieves opened the cornerstone  
and stole the metal box with its con-  
tents. Two watchmen are suspected to  
be implicated in the robbery which was  
one of the most audacious on record.

### Nude Body Found.

New York, Sept. 19.—The nude body  
of a young woman was found in the  
Norris canal near Jersey City Thurs-  
day. A long hitching strap, to which  
was attached a 20-pound iron weight,  
was around the woman's waist. A  
wound, apparently a stab, about six  
inches long, was found in the abdo-  
men. Detectives are at work on the  
case. Chief of Police Murphy thinks  
that the girl was wounded in some  
house, then chloroformed, then strip-  
ped, placed in a wagon and driven to  
the canal during the early morning  
hours. He says the body does not  
answer to the description of any girl  
reported missing in Jersey City.

### Try to Solve the Mystery.

New York, Sept. 19.—Detectives of  
New York, Jersey City and other near-  
by cities in New Jersey are working  
together to unveil the mystery of the  
death of Mrs. Joseph Pulitzer, whose  
nude body was found Thursday in Mor-  
ris canal under circumstances indicating  
murder. The husband of the woman,  
a tailor of this city, was brought from  
Jersey City to the police headquarters  
in this city, and after being closely  
questioned was invited to remain at  
headquarters until the arrival of Cap-  
tain Titus, chief of detectives.

### Trouble in Zululand.

Durban, Natal, Sept. 19.—Uneasiness  
is felt here in consequence of the un-  
rest in Zululand where trouble appears  
to be imminent. The Times of Natal  
says the feeling in Zululand between  
Boers and natives demands active gov-  
ernment intervention. Dinizulu is re-  
gaining his prestige and is regarded as  
dangerous. The Zulus still have the  
arms with which they were provided  
during the war. Since the Zulus were  
killed by the Boers in the Vryheid dis-  
trict, the paper continues, a bitter feel-  
ing has prevailed among the natives  
and threatens to culminate in a serious  
collision.

H. L. Crockett, doing a confectionery  
business at Ardmore, I. T., has filed  
a voluntary petition in bankruptcy in  
the United States court. Liability

### REPORT NOT TRUE.

No Demand Has Been Made and no Col- lories are in Operation.

Wilkesbarre, Pa., Sept. 19.—Presi- dent Mitchell denied the reports that had prepared a demand in which terms for a settlement of the big strike were modified and forwarded it to J. Pierpont Morgan with a note saying that the financier will be given until Oct. 20 to accept the proposi- tion.

"There is nothing in the report," is all he would say in discussing it. Bishop Fallows of Chicago has arriv- ed here. He visited eight collieries and a washery enroute from Philadel- phia and found none at work. On the same train was John Markle, of the firm of G. B. Markle & Co. who repre- sented the individual coal interests at all the conferences of the operators. He said, after conversing with Mr. Markle and the miners, he had reach- ed the conclusion that the operators had made a mistake in opposing arbi- tration of their differences.

The strike leaders sprung a sur- prise which caused the arrest of Paul Wyoda, a deputy sheriff; Geo. Gilbert and William Jenkins, members of the miner's examining board, charging them with having issued certificates to non-unionists who had not served two years in the mines as required by law. They were held under bail for the court.

## HEPTOL SPLITS IS "IT."

Thinking people now realize that dosing the system with Calomel, Pills and other strong purgatives is a grave mistake and very injurious. The physical organs occasionally become tired and fail to respond to the duties of nature, thereby clogging the system and then a stimulative laxative is required to remove the accumulated poisons and to again start in motion the vital machinery; for this purpose some mild non-injurious remedy should be used. That is what

## Heptol Splits

are for.

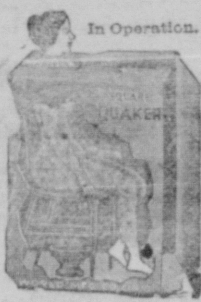

DELICIOUSLY PALATABLE,

GENTLE IN ACTION,

GRATIFYING IN RESULTS.

Heptol Splits meets the approval of all. Everyone should take Heptol Splits. Don't you be the last to try it. Sold at drug stores, soda fountains, cafes and bars at 15c a Split. Manufactured by the Morrison Drug Co., Waco, Texas.

## WELCOMED THE PROTEST.

Secretary Hay's Note is Approved by the Great Britain Officials.

London, Sept. 20.—Secretary Hay's note to the powers which were signatories to the Berlin treaty of 1878, on the subject of the treatment of the Jews in Roumania, which was received in London about a fortnight ago, was welcomed in British official circles. The tone of the formal acknowledgment of receipt of the note indicates British approval of the American initiative in this matter and confirms the idea that Great Britain welcomes the continued intervention of the United States in affairs in which Europe is more directly concerned, in the belief that such intervention tends to indirectly strengthen the hands of the British government.

Apart from this question, the exclusion of pauper aliens from Great Britain is drawing more acute, and anti-immigration laws are demanded in many influential quarters, so that the government is in sympathy with Mr. Hay's protest in the hope that the wholesale export of undesirable emigrants from eastern Europe may be checked.

The newspapers here continue to comment on the United States' note. The St. James Gazette in a semi-humorous reference to it says:

"The European governments to whom it is addressed must have been agreeably surprised, for the note furnishes fresh evidence of the growing disposition of the United States to take a seat in the orchestra of European concert, which some other performers view with uneasiness."

After declaring that it is difficult to understand what President Roosevelt hopes to gain by the appeal to the signatories of the Berlin treaty, the St. James Gazette concludes that the chief American motive is humanity, and says:

"This indicates a spirit of knight errantry which, however creditable to a great civilized power, is likely to give the Americans plenty of occupation without increasing their popularity with the governments of the old world."

### Decision Reversed.

Trenton, N. J., Sept. 19.—The court of errors and appeals by a vote of 8 to 3 decided in favor of the United States Steel corporation in the suit brought by Mrs. Berger to restrain the corporation from converting \$200,000,000 7 per cent preferred stock into 5 per cent second mortgage bonds. Vice Chancellor Emery in the court below granted an injunction restraining the company from carrying out its purposes. The decision of the court of errors and appeals is a reversal of the vice chancellor and leaves the United States Steel corporation free to carry out its project so far as Mrs. Berger's relations are concerned.

### Money For the Banks.

Washington, Sept. 20.—Secretary Shaw announced before leaving Washington for the west that during the week he had authorized the distribution in round numbers of \$10,000,000 of public funds among the banks throughout the country which have bonds available for security. The money will be released and deposits completed within a few days, and just as rapidly as the bonds are received at the treasury.

### Thetis Went Ashore.

Port Townsend, Wash., Sept. 19.—The fact has developed that the reason for the early return of the revenue cutter Thetis is that the vessel was ashore during a recent visit to Nushagak river in Alaska, sustaining such damage that Captain Healy hurried down here where the vessel could go into the dry dock for the purpose of examination. Her hull was bent from shape, necessitating a repainting of the water line. She will sail for San Francisco at once.

### Accepting American Methods.

London, Sept. 19.—In an editorial The Times warmly advocates the vacation school system in the United Kingdom upon the lines already successfully followed in New York, Chicago and elsewhere in America. It is refreshing, concludes the editorial, in the midst of much barren discussion, to find an educational movement so wholly admirable in itself and with such promise of genuine usefulness.

### Mob Attacks a Colliery.

Pittston, Pa., Sept. 19.—A mob attacked the colliery owned by W. H. Holmes, which is located in the heart of this city. After driving the non-union workmen from the mine the mob set fire to the breaker, which was saved from destruction through the efforts of a number of men employed in the vicinity.

### Shooting Affray in Arkansas.

Texarkana, Tex., Sept. 19.—News has reached here of a shooting affray at Old Lewisville, in Fayette county, Ark., 30 miles east of here. W. G. Smith was shot through the body, the bullet severing the spinal cord. It is thought death will ensue. A neighbor was arrested.

### Two Trains Collide.

Pittsburg, Sept. 19.—Two local passenger trains on the Pittsburg and Western railroad collided near Whitney, Pa. Both trains were wrecked. No passengers killed and none seriously hurt. Engineer Benedict was killed and four other trainmen seriously injured.

### Troops and Strikers Fight.

London, Sept. 19.—A special dispatch from Lisbon, Portugal, says there have been serious collisions between troops and strikers at Guarda, near Oporto, during which a number of workmen were killed.

### Hanged for Wife Murder.

Camden, N. J., Sept. 19.—La Fayette Gruff of Gloucester, was hanged here for the murder of his wife. The crime was committed on March 11.

## CHARGE OF PERJURY.

St. Louis Delegates Have Been Indicted by the Grand Jury.

St. Louis, Sept. 19.—Circuit Attorney Folk filed information charging former Delegates Hannigan, Denny, Albright and Bolsch with perjury. This action was taken as the result of testimony before the grand jury by the accused, who denied any knowledge of the reported payment of \$75,000 to members of the house combine by the Suburban Street Railway company to secure a certain franchise. The information, in effect, is the same as an indictment, and can under the statutes of Missouri be issued at the discretion of the circuit attorney.

The one member and five former members of the house of delegates who rest under several charges of bribery and perjury and who have not yet surrendered to the authorities have until today to give themselves up. After today they will be fugitives under the law. If they do not put in an appearance during the day, Circuit Attorney Folk will issue notices to be sent all over the country, offering a reward of \$300 for the apprehension of each of the six men.

The work of the present grand jury, which has been investigating municipal boodle cases, will come to an end as Circuit Attorney Folk will shortly have to give his entire attention to the trial of a number of the indicted men. The circuit attorney states that enough remains undone to keep the grand jury busy six months. As soon as these trials are out of the way that body will resume investigation.

### THE RICE ESTATE.

Administrators are Appointed Under the Will Made in 1896.

New York, Sept. 19.—William M. Rice, Jr., John D. Bartine and James A. Baker, Jr., were granted letters of administration on the estate of William M. Rice, under the will executed by him in 1896. They are required to give a bond which is said to be in the neighborhood of \$7,000,000.

Albert T. Patrick, who was named as residuary legatee in a will alleged to have been executed in September, 1900, shortly before Mr. Rice's death, is now in Sing Sing prison awaiting the hearing of his appeal from the conviction of murder of Mr. Rice, who left an estate valued at \$8,000,000. Both wills were hotly contested before Surrogate Fitzgerald, who admitted the will of 1896 to probate, holding that the later will, usually known as the Patrick will, was a forgery. The bulk of the estate is in Houston, Tex.

### PROTEST APPROVED.

The Co-Religionists of Milwaukee are Heartily in Accord With Hay.

Milwaukee, Wis., Sept. 19.—The co-religionists in this city of the persecuted Roumanian Jews heartily approve of the protest of the injustice and barbarity of the Roumanian government which has been sent to the powers by Secretary of State Hay. At a meeting here of the Roumanian relief committee of Milwaukee a telegram was forwarded to Secretary Hay, reading as follows:

"In behalf of outraged humanity, as well as the persecuted Jews of Roumania, we hereby extend to you and through you to our benign government our profound gratitude for the timely protest conveyed by you to other nations against the cruel and inhuman treatment wilfully practiced upon the Jews of Roumania by their government in denying them every opportunity of employment whereby to gain an honest livelihood."

### An Old Minister Dead.

Houston, Tex., Sept. 19.—Rev. William F. Gillespie, aged 69 years, died here. Deceased was born in Nashville, Tenn. He graduated at the Danville (Ky.) Theological college. He married Miss M. V. Nelson, a daughter of Judge R. M. Nelson of Liberty, Miss. They came to Texas in 1875, from which date Mr. Gillespie was pastor of the Presbyterian church at Georgetown until 1891. From Georgetown he went to Eagle Pass and thence to Houston. After coming to Houston he gave up the active work of the ministry and has been making his home with his son for a few years. The surviving relatives are the bereaved widow, who lives here, and a daughter, Mrs. J. M. Taylor, of Hungerford. Rev. Gillespie was a cousin of General Sam Houston.

### No More Troops.

Colon, Colombia, Sept. 19.—Commander McLean of the United States cruiser Cincinnati has cabled to Washington that not more marines are required, as he has a sufficient number of men to protect the isthmian traffic. Trains are being run according to the regular schedule. An armored car is attached to every train and in it are fifty United States bluejackets.

### Died from Target Wound.

Denton, Tex., Sept. 19.—Boyd Wines, a prominent resident of this city, died here from the effects of an accidental target rifle wound received Monday while pulling the gun from under the bed by the barrel. The interment took place at the Odd Fellows' cemetery under the auspices of Elm Lodge No. 30, Knights of Pythias.

### Demented Man Found.

Texarkana, Tex., Sept. 19.—An old man was found wandering about the streets in an insane condition and locked up in jail by the officers. He had papers on his person showing he was from Tacoma, Wash., and was on his way to Hope, Ark., where he has relatives. The authorities here will send him to Hope.

### Took Morphine.

Maabak, Tex., Sept. 19.—John Clay, colored, died here Wednesday from the effects of an overdose of morphine.
